

## OMEN WGR European Challenge returns with 20 000€!

In 2021, **OMEN** and **Worten Game Ring** announced the OMEN WGR European Challenge with a 15 000€ prize-pool, a competition aimed at European CS:GO teams.

Now, one year later, the same competition is back with a 20 000€ prize pool, and some of the best teams in Europe to fight for it.

This year's competition will feature slight format changes, with 6 teams directly invited to the final stage. Only 2 teams will be able to access the final stage through qualifier.

There will be a total of 3 open qualifiers, each of them qualifies 2 teams to the closed qualifier:

- European Open Qualifier #1 - 03/02/2022 and 04/02/2022 ( [link](#) )
- European Open Qualifier #2 - 10/02/2022 and 11/02/2022 ( [link](#) )
- Iberian Open Qualifier - 07/02/2022 ( [link](#) )

The Closed Qualifier will have a total of 8 teams, 6 from the open qualifiers and 2 directly invited, and will be played in Single Elimination BO3 from 17/02/2022 to 20/02/2022.

Once all teams are qualified, the final stage will take place from 03/03/2022 to 06/03/2022, featuring two main phases: Groups and Playoffs. There will be a total of 2 groups, with 4 teams each, played in BO1 Round Robin. The Playoffs will be played in Single Elimination BO3 format.

For this year we are partnering up with ADVNCE, the gaming & esports project from the national TV channel SIC, to bring you all the action on Twitch and Cable TV. Don't forget to tune in [twitch.tv/advncsic](https://twitch.tv/advncsic) to follow everything.

The streamers that wish to broadcast the tournament just need to fill a [form](#) to get access to all the relevant information.
